GUITAR STRINGS

Replace Guitar Strings

When Does Your Guitar Need This?

A guitar needs replacement strings at least once a year, and more often if you play a lot or (obviously) if you break a string. This is an easy way to improve tone.

What Does This Do for My Guitar?

Replacing your guitar strings will restore bright, clean tone and improve help to keep your guitar in-tune. Changing your guitar strings improves playability by making it easier to slide your fingers along the fretboard.

What Things Does This Include?

Guitar string replacement is a very straightforward process. We remove your old strings and install new strings sized for your guitar. **Our string replacement:**

- 🎵 Remove existing guitar strings
- 🎵 Install new guitar strings / stretch & tune
- 🎵 Check string and pickup height
- 🎵 Check tuning machine heads
- 🎵 Apply oil treatment to condition fretboard
- 🎵 Clean and polish body, neck and head

What Is the Price for This Service?

Our standard Guitar String Replacement is only \$30 + the cost of your choice of guitar strings. **If you choose string sizes that require string nut modification add \$30.*

How Do We Get Started?

Simply call or text to make an appointment to come by our office on Cherokee Street in Kennesaw, Georgia.

Text us anytime at 770-654-3223 – Thanks
